

Boot Wash

THREE PERSON STATION

With three brushes the steel boot wash can help to speed up the process of workers leaving dirty areas before entering cleaner areas.

It also avoids leaving muddy boot prints on carpets and vinyl in your offices and welfare areas as well as reducing wear and tear on your floor coverings. Using a Pickering's steel boot wash could even result in lower cleaning costs.

- Simple hose pipe connection and isolation on/off taps
- Removable foot plate helps you remove surplus mud and stones and keeps it in good conditions
- Forklift pockets to allow boot wash to be moved

				Notes 1. Unless stated, all measurements are in mm. 2. Plumbing Waste- System to pump to remove internal waste water. 3. Lightweight robust plastic sub-frame. 4. Water flow through each brush with individual isolator. 5. Heavy duty galvanized foot grid. 6. Finished in orange and silver. 7. By signing below you agree to the terms of this supporting document for your quote. Once signed off, any alterations may be chargeable.
